*Valley Community Healthcare is dedicated to providing our patients with the highest quality health care, regardless of coverage. In order to do so, it is important that you provide us with accurate and true information. We use this information in order to identify you and determine your eligibility in order to complete claims for various health care programs. This information is also used to determine if these programs cover the services and supplies you receive.*

*Many insurance companies, including Medicare, require a co-payment and/or deductible payment from the patient. You are responsible for these payments and will be billed. In addition, failure to provide Valley Community Healthcare with accurate and true information may result in denial for payment of your services, in which case you will be financially responsible for all charges.*
